Protecting All Motorcycle Rights

Bikers inside the Beltway – Since the late eighties, the Motorcycle Riders Foundation and motorcyclists' rights advocates have journeyed to Capitol Hill on behalf of the nation's motorcyclists. Since 2009 and the inception of Bikers inside the Beltway, the journey matches the MRF's immediate and long-range legislative goals.

Bikers inside the Beltway 2023 will not deviate from the MRF's purpose – Standing on and holding common ground to protect the rights of all motorcyclists.

The National Highway Traffic Safety Administration (NHTSA) response to the request from Congress, and initiated by the MRF, to provide the agency's direction regarding protecting all highways users and especially motorcyclists from the perils of autonomous vehicles being driven without the driver's full attention to traffic was less than stellar.

The words of former U.S. Representative David Price from North Carolina may well apply to the recent efforts of the Motorcycle Riders Foundation "... Understand that not every battle can be won on the first try and that politics is a matter of striking a balance between ... compromising and finding common ground where you can, and fighting where you must."

The MRF found common ground among the nation's state motorcyclist rights organizations, motorcycle club members, and all freedom loving motorcyclists who, as the Motorcycle Profiling Project demonstrates, are susceptible to being profiled while riding a motorcycle.

Although anti-profiling language was included in the mega funding legislation signed into law in December, the MRF will remain diligent in assisting SMROs pass anti-profiling legislation at the state level.

The MRF's victories, realized in the waning hours of the 117th Congress in December, drive home Congressman Price's words, and demonstrate the positive results from standing on and holding common ground. Those victories came from the year-after-year vigilance of MRF members writing, calling, and meeting with members of Congress during the Motorcycle Riders Foundation's annual Bikers inside the Beltway.

Chaplain.....

I wrote this prayer for the Freedom Ride last Sunday. I believe the devil tried to stop me from coming, but, he failed. I got to pray before the group left, but, wasn't exactly this prayer: I hope it blesses someone.

Freedom Ride 5-7-2023 prayer: Lord, we humble ourselves in your sight today and ask that you will go with us and before us as we join other motorcyclists and descend on our State Capitol. We stand in unity and defend our rights to ride free and proud as Americans on our streets and highways. Save our Country, protect and heal our Country. Bless all red blooded Americans. Most of all: May we be a Nation that fears and honors God and realized that He loved us so much that He gave His only begotten Son, Jesus, that whoever believes in Him, will not perish, but, have everlasting life! In your Name i pray, Amen Ben & Pam

Electric Motor or Internal Combustion Engine

H.R. 1435 the “Preserving Choice in Vehicle Purchases Act Across the country a battle is underway between those that want to end the availability of combustion engines, and those fighting to protect their survival. While states like California and Massachusetts are setting timelines for purchase bans on internal combustion engines, other states like New Hampshire and Wisconsin are pushing back.

The Biden Administration recently rolled out plans shifting this country to a majority electric vehicle market over the next ten years. Republicans in Congress have responded. In March, Rep. John Joyce of Pennsylvania introduced H.R. 1435 the “Preserving Choice in Vehicle Purchases Act.” H.R. 1435 would amend the Clean Air Act to prevent a ban on the sale of internal combustion engines, effectively trumping any state law that outlaws their sale.

Now is the time to have your voice heard. Let Congress know you support the right to choose the type of engine you buy

Beware of What Fuel You Buy

EPA to Allow Summer Sales of E15 Friday, the Biden Administration issued an emergency waiver allowing for the sale of E15 from June 1st to September 15th. Restrictions on fuel volatility have limited the sale of E15 to the months outside of summer. This move by the Biden Administration is an attempt to appease lawmakers from corn producing states, who for years have lobbied for year-round use of the fuel. A similar emergency waiver was issued in 2022.

As always read your owner’s manual, know what you are putting in your bike, and be an educated consumer.

Its just your not your motorcycles its anything lawn mowers, riding mowers, chain saws. Any lawn and garden equipment, etc., internal combustion engine, older cars . E15 might work in newer cars and truck with fuel injection .It not good!

But lets make the Corn Producing States, law Maker happy ! And I wonder who make profits from the sale of E15 on summer months , may be framers , lobbyists and God forbid are honest lawmakers.

One more food for thought , If the Government was to help damage the internal combustion engine you may buy an Electric motorcycle, trimmer, lawn mower (too many to list) replace your old car with an EV. I wonder what they could do to diesel fuel ?

Membership.....

Howdy all! As of the writing of this report, the weather has been wonderful! It looked like it was going to be awfully dicey on the Freedom ride this year. But the weather held out. We had a good turnout. Considering the threat of storms, I was pleased to see those that did make the ride.

We had a good time at the Biker Bizarre at the Avanti's Dragon dome. And we signed up 7 new members that day! Kande did a great a job as well as all our other members that showed up and helped. Thank you all who helped and attended.

This month in our segment on every member singing up or gifting one new membership this year...is our downed rider program. With your membership packet you receive a small fold up info to put in your wallet. In different areas are the names and numbers of those to call if you are broke down who are willing with truck/trailer to get you and your ride home safe.

As of May 1st 2023 we have 182 active members with 4 new members signing up in April they are:

Nick Christian Tami Christian Nicki Lockwood Cody Gaboriault

Welcome to A.B.A.T.E. and to your Peo-Taz chapter!

If you sign up 10 new members in a calendar year you receive a free one year single membership from the state.

Members due in June	Larry Howell	Julie Howel	Patrick Wood	Teresa Ordaz Wood
Richard Lowery	Grace Lowery	Keith Joos	Greg Borum	Nancy Borum
Tom Mattson	Steven Hooker			

Thank you
Have a groovy day
